WM. A. BALDWIN, Secretary.
Bloomfield, April 4, 1885.

ABOUT TOWN.

Children's Fair at Westminster Chapel next Friday.

Mr. Jarvis Pelonbet is now in the West on a business trip.

One of the water mains on Franklin street burst on Thursday afternoon.

The Essex Co. Hunt will meet this afternoon at the Water Works, East Orange.

Thomas P. Day received his commission as Commissioner of Deeds, on Wednesday, of this week.

Mr. John F. Maxfield will ship nine cars of choice Jersey cattle to New York today for the April sale.

A quantity of fish have been taken from the stream just above the railroad, enjamment, in the past few days.

The Park ought to show up well as soon as the grass grows green. But the boys must not trample it down.

Unpleasant nuisances still predominate on the old hotel property. The authorities should attend them without further delay.

The Delaware, Lackawanna & Western Express is losing its hair. Its breath should go next. Its speed has long since faded.

If the present plans for finishing the hotel were carried out it will add very much to the appearance of our only monument.

Application will be made to the Court Common Pleas in a few days for continuing Liberty street through to Williamson street.

Mr. C. W. Powers, Jr., is enlarging his bakery and arranging for building a cottage adjoining it for Mr. A. Day, who will reopen the bakery in a short time.

Two hundred dollars was voted for repairing and grading sidewalks in the upper end of Broad street and in New street at the side of a meeting held at Colfax's store last Monday evening.

Mr. John Hall is now laying very low at his house on Bloomfield avenue. He has long been an active man in this place, and his demise, which cannot be far away, will be greatly regretted.

Little Tillie Wakefield, who was so lately injured by being struck by a train at Reservoir last week, died on Sunday morning after five days of unconsciousness. The funeral was held on Monday morning.

The roads between Bloomfield and Orange were never in a worse condition than they have been in the past few days. The worst places are near M. A. Dailey's, and between Ellor Brothers and Dodd street.

Emmanuel Frieseda, a Spaniard, in the employ of Pelonbet & Company, was bit by an alleged mad dog a few days ago. The animal was killed and the injured man sent to his home and cauterized the wound with a hot poker.

The weavers at Thomas Oakes & Co.'s Mill complained to the management of certain grievances on Saturday last. The troubles were fully discussed and all the weavers except two returned to their looms upon the promise that the troubles should be satisfactorily adjusted.

Rev. Albert Mann, Jr., the newly appointed pastor of the Park M. E. Church, preached two able sermons last Sunday. The church was well filled and handsomely decorated with flowers. A pillow of white flowers with the word "Welcome," placed in front of the pulpit, was very appropriate for the occasion.

We learn that Ed. Moran, of Montclair, has purchased a large building formerly belonging to John I. Garabrant, near the Brookdale post office, with the intention of converting it into a belt factory and other purposes.

There is no sufficient reason why the students of the Seminary should not make their front walk decently passable. They ask our citizens to give them gymnastic apparatus, but their opportunities of actual exertion are not improved.

"The Mugwump Degree," a section of work which has its origin in Excelsior Lodge of Bloomfield, K. of H., is now attracting considerable attention. It is stated that the lodge will give the public an opportunity to witness the work in a short time.

Mr. Joseph F. Folsom will start for Fargo, Dak., in a short time, at which place, we understand, he expects to accept a situation with a relative. We extend to him our best wishes in this new field of labor and hope his future may be a successful one.

As Spring comes in that poor elm tree at the corner of Liberty Hall will commence to bleed again and will go on, all summer, slowly dripping its life away. It only needs a bit off the edge of a stone to set it free, but no one seems to care whether it lives or dies.

Next Friday afternoon and evening the young people of Westminster Church are to hold a Fair in the Chapel-parlor. Fancy and useful articles, good home made candy, ice cream and substantial refreshments will be for sale at reasonable prices. All are invited.

Miss Aurora Michell and Mr. Geo. W. Crawford were united in marriage at the residence of the bride's parents, corner of Fremont and Spruce streets, on Tuesday afternoon. Rev. Samuel W. Duffield performed the ceremony which was witnessed only by the near relatives of the bride and groom.

The Easter service at the German Presbyterian Church was largely attended. The floral decorations were profuse and elegant. Seven persons were accepted into membership. Rev. J. M. Enslin, the pastor, was present and officiated. Easter exercises were held by the Sabbath School in the afternoon.

At a meeting of the Watsessing Base Ball Club held a few days ago Michael Higgins was elected captain and the following members of the organization were chosen as players: Michael Higgins, Samuel Wilde, Charles Davis, Orrin C. Dodd, Henry Bradley, Allen Anderson, George King, Henry Gallen and William Ellor.

Bloomfield Lodge, No. 40, F. and A. M., will hold a special meeting next Tuesday night for working the M. M. degree. The third section will be brilliantly illuminated with oxy-hydrogen light in fifteen feet pictures. A full attendance of the membership is especially requested on this occasion, also any visiting masons.

The First Anniversary Exercises of the Woman's Christian Temperance Union of this place will be held in the Chapel of the Park M. E. Church, on Tuesday, April 14, at 10:30 A. M. and 2 P. M. Mrs. Helen E. Brown, of New York City, Mrs. Hartt E. Brown, of Brooklyn, and other interesting speakers are expected. A cordial invitation is given to all to attend.

A pleasant little company assembled at the corner of Spruce and Fremont streets on Tuesday afternoon, at which time Mr. George Crawford and Miss Aurora Michell were united in marriage by Rev. S. W. Duffield. The bride received a number of presents which were apparently designed for use as well as beauty. The happy couple left on an afternoon train.

Some boys with more mischief than sense have lately amused themselves by setting fire to dry grass wherever they had the chance. This has resulted in a good deal of danger to property and in some instances the neighboring residents have been forced to put out the flames, which were not so high or large as they were treacherous and likely to set off other combustible materials. A few prompt arrests for malicious mischief would do good. Such a fire was started on Tuesday upon Liberty St. by some boys from "Dublin."

On April 13, the Erie Railway Company will commence running a number of additional fast trains, including four new trains between Newark and New York, at convenient hours, for the accommodation of their patrons in the northern part of Newark and Belleville. Another improvement will be made in running their new ferry boat, Oswego, to 23d street ferry; and the trips will be made every fifteen minutes, instead of the present half-hour trips. This convenience will be appreciated by ladies visiting New York to shop or attend the matinee performances.

On April 2d, C. Jacobus, of Brookdale, while hunting near the pond back of the Morris neighborhood, saw a very large bird take a pike from the water; as the bird rose he fired, but the distance was too great to kill it, though it fell in the water, but rose again leaving the fish, which was pierced

with seven shot and was over a foot in length. The next day Mr. Bourne, of Brookdale, saw near the place a huge bird rise with a fish. He fired and struck it, when it dropped the fish and tried to rise, but another shot struck it squarely through back and brought it down. It was a very large fish hawk, five and a half feet across the wings.

Mr. F. T. Camp and family about the first of May, will occupy one of the houses lately erected by Mr. Camp, on Liberty street, and which are about finishing now. There are two, standing each on its lot of 70x269 feet, already well fruited, and with shade and grass, being the garden formerly attached to Jacob Randolph's house, on the corner of Liberty and Spruce streets. These houses are well built, planned and supervised by Mr. Camp, who is a New York architect, and they contain the most modern conveniences, necessities, and some of the luxuries, and their erection is but a just tribute to the growing popularity of our village, and an evidence that its merits are becoming more widely appreciated.

Business men going to New York will find the Manhattan Hotel, corner of Broadway, Canal and Lispenard sts., N. Y. a very convenient place to stop. It is in the center of the largest business houses, and all points can be reached from its doors by the horse cars, omnibuses and elevated railroads. Parties on arriving in New York by any of the railroad or steam boat lines can reach the Manhattan Hotel by the various lines of cars or omnibuses running from the stations and landings. This hotel being situated on three open streets, is more free from the dangers of fire than most hotels. It is conducted on the European plan, and has just been remodelled and handsomely furnished, making it one of the cleanest and most comfortable houses in New York.

Two runaways occurred at Bloomfield Monday which attracted considerable attention. A horse belonging to W. M. Hopper was standing in front of his store attached to a delivery wagon when it became frightened and dashed down Bloomfield avenue to Race street, where it entered an open lot and passed up the brook and under the Bloomfield avenue culvert. It was captured as it emerged from the north end, the wagon being left a wreck below the arch. At almost the same time, a team of horses belonging to Martin Hummel were standing on New street, when they became frightened at a passing train and started through New, Broad, Franklin and Montgomery streets. A large dog belonging to Mr. Hummel seemed to realize the danger and ran ahead of the horses, jumping from one side to the other, thus keeping them in the road. They were captured at the copper works.

Promenade Concert.

On Wednesday evening, April 15, will begin a promenade concert, for the benefit of the Young Men's Catholic Union. It is their intention as soon as their funds will permit, to extend their accommodations and afford more room and more attractions to their members. It is talked of to provide a gymnasium to which their own members will have access, and under certain arrangements the public generally; also, there is another proposition, if it can be carried through, to still further interest the citizens of the town. This, their first annual promenade concert, they will strive to make as pleasant as possible for all concerned. Vass' brass and string bands being engaged for the occasion. The large "Union Hall" will hold the guests, the Assembly Hall below will be used as a supper room, and two small adjoining rooms as cloak rooms. The tickets, as in our advertising columns, will be one dollar, admitting a gentleman and ladies. We wish them a pleasant evening and financial success.

We will pay a reward of \$200.00 to any person who will produce testimonials equal to those we receive in relation to the high standard and uniform quality of any brand of flour now on the market that can be sold at as low price as the "COMMERCE."

Leading Lawyers, Physicians, Divines, Manufacturers, etc., speak of it in the highest terms.

Read the following:—
J. J. PETTIT, Esq.,
DEAR SIR:—I am very much pleased with the flour purchased from you, branded "COMMERCE," for the Flour for the Nursery.

It is well adapted for all the requirements of a fine family flour.
HON. JOEL PARKER, Esq., Gov.

PATRONAGE: 23 Franklin St., Newark, N. J.
MESSRS. WILKINSON, GADDIS & CO.
I have used the "COMMERCE FLOUR," from the Orrville Milling Co., with entire satisfaction. It makes a light sponge, and produces a nutritious, sweet, white bread. We wish to use no other in our family.
Yours truly, A. L. BRUCE, D. D.

We have many testimonials from leading citizens of the same character as the above.

It is noticed and remarked that the "Commerce" Flour always has a rich creamy color and that it will produce more bread than the same quantity of ordinary flour. For this reason the "Commerce" is cheaper to the consumer than the ordinary flour that is generally sold at about the same price. In a word it is the "poor man's" as well as the "rich man's" flour.
